

Personal Website Outline

Purpose

The website presents Brandon Chao as a student, leader, runner, and robotics team member. It is organized to meet the rubric sections: About Me, Resume/Resume-Style Page, Skills, Navigation, Visual Design, and Professionalism.

Home / Landing Section

- Name: Brandon Chao
- Brief tagline introducing interests in leadership, robotics, athletics, and technology.
- Primary button: "Get in Touch."
- Button action: links to <mailto:bchao@browning.edu>, which opens the user's default email application.

About Me Section

- Brief description of who Brandon is as a student at The Browning School.
- School-appropriate interests: FTC Robotics, computer science, CAD, running, track, cross country, and student leadership.
- Goals: continue developing engineering, technology, communication, and leadership skills.
- Professional tone with complete sentences.

Resume / Resume-Style Section

- Education: The Browning School; current student; expected graduation year 2028.
- Leadership: Student Council representative; XC/Track captain experience; robotics leadership.
- Activities: FTC Robotics Team Ultro 10539, Cross Country, Winter Track, Spring Track, volunteer work.
- Relevant experience: CAD, robotics design, scouting/data analysis, coding, public speaking, and proposal writing.

Skills Section

- Technical skills: CAD, Python, HTML/CSS, robotics systems, data analysis, Google Sheets.
- Academic skills: research writing, public speaking, presentation design, analytical thinking.
- Leadership skills: organization, communication, collaboration, team leadership, initiative.

Projects / Highlights Section

- FTC Robotics: engineering design, CAD modeling, competition preparation, scouting systems.
- Student Council: assessment pass reform, school improvement proposals, student advocacy.
- Academic projects: software ethics/facial recognition, UN demographic research, chemistry lab investigations.
- Athletics leadership: running, captaincy, consistency, discipline, and team culture.

Contact / Get in Touch Section

- Includes a clear contact button or link.
- Button code: Get in Touch.
- On most computers, clicking this opens the default mail app with Brandon's email already entered.
- On MacBooks with a Touch Bar, browser/mail controls may appear after the email app opens, but the website itself still uses the normal clickable mailto link.
- The button should also work by mouse click, trackpad tap, touchscreen tap, and keyboard navigation for accessibility.

Rubric Alignment

Rubric Category	How the Website Addresses It
About Me	Includes identity, interests, goals, hobbies, and professional tone.
Resume Page	Uses education, activities, leadership, volunteer work, and experience.
Skills	Lists technical, academic, and leadership skills in organized groups.
Navigation	Uses clear section order and links/buttons that guide the user.
Visual Design	Uses readable text, consistent styling, contrast, and spacing.
Professionalism	Content is school-appropriate, polished, and written clearly.
